

**Graduating Seniors**

**Aaron Harrigan**

**College**

US Military School-West Point

**Planned Area of Research While In College**

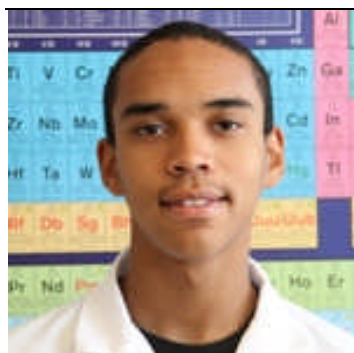

Nuclear/Mechanical Engineering

**Research Done While in Ecotek Lab Program**

Biopolymers, GPS/GIS, Battery Systems

**Scholarships**

US Military Cadet Scholarship

**William Marshall**

**College**

University of Michigan

**Planned Area of Research While In College**

Biomedical Engineering

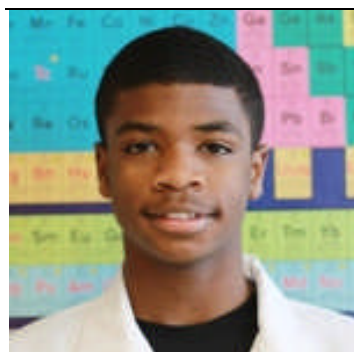

**Research Done While in Ecotek Lab Program**

Regenerative Medicine-Stem Cells, Biopolymers

**Scholarships**

MBio

HT Ewald Foundation

**Keith Young Jr**

**College**

Eastern Michigan University

**Planned Area of Research While In College**

Environmental Science/Secondary Education

**Research Done While in Ecotek Lab Program**

Biofuels, Soil Science, Hydrology, Bioremediation, Biopolymers

**Scholarships**

Everyday Heros

Emerald Scholarship

GEAR UP Scholarship

**Emmanuel Jefferson**

---

**College**

Bowling Green University

**Planned Area of Research While In College**

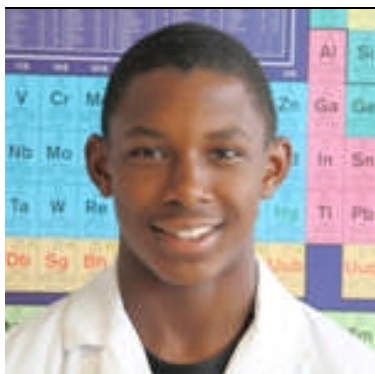

Bioengineering/Nursing

**Research Done While in Ecotek Lab Program**

Biofuels, Climate Change, Food Science

**Scholarships**

Presidential Scholarship

**Jordan Massey**

---

**College**

Western Michigan University

**Planned Area of Research While In College**

Environmental Engineering

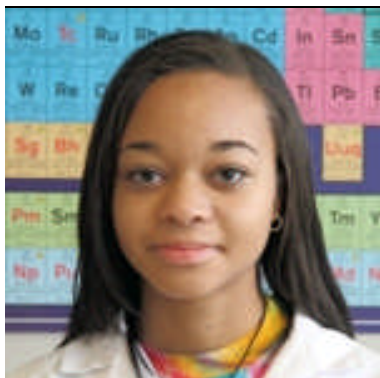

**Research Done While in Ecotek Lab Program**

Environmental Science

**Scholarships**

Diversity Leadership Scholarship

**Summer Research Program Participants**

**Janay Johnson**

---

**College**

Vanderbilt University- PAVE Program

**Planned Area of Research During the Summer**

Cardiovascular Pathology

**Research Done While in Ecotek Lab Program**

Cardiovascular Disease, Regenerative Medicine-Stem Cells, Neurology

**Jayla Hubbard**

---

**College**  
University of Michigan

**Planned Area of Research During the Summer**  
Genetic Pathology

**Research Done While in Ecotek Lab Program**  
Tissue Engineering, Regenerative Medicine-Stem Cells,  
Neurology

**Briana Young**

---

**College**  
Michigan State University

**Planned Area of Research During the Summer**  
Food Science and Nutrition

**Research Done While in Ecotek Lab Program**  
Hydroponics, Soil Science, Food Chemistry, Biofuels

**Annie Moore**

---

**College**  
University of Pittsburgh

**Planned Area of Research During the Summer**  
Tissue Engineering-Stem Cells

**Research Done While in Ecotek Lab Program**  
Regenerative Medicine-Stem Cells, Food Science, Bacteriology,  
Neurology

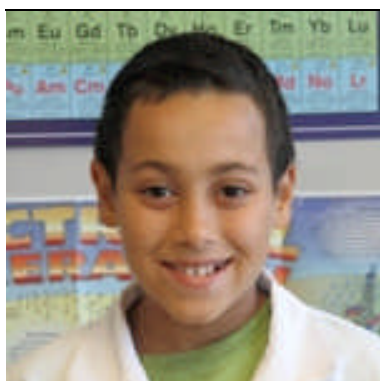

**Amber Young**

---

**College**  
University of Pittsburgh

**Planned Area of Research During the Summer**  
Tissue Engineering-Stem Cells

**Research Done While in Ecotek Lab Program**  
Regenerative Medicine-Stem Cells, Food Science, Bacteriology, Neurology

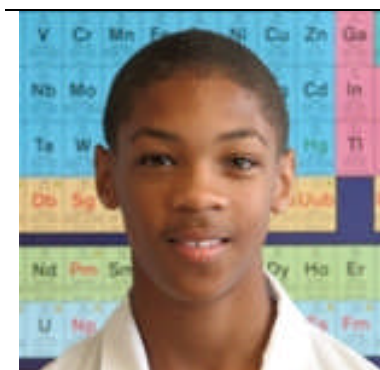

**Jett Hampton**

---

**College**  
University of Miami

**Planned Area of Research During the Summer**  
Marine Science-Atlantic Ocean Marine Ecosystem Survey

**Research Done While in Ecotek Lab Program**  
Animal Science, Zoology, Environmental Science

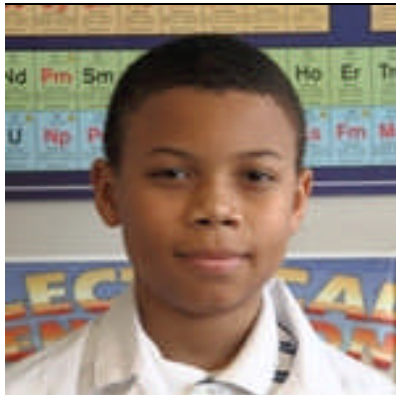

**Dhareus Franks**

---

**College**  
Michigan Tech University

**Planned Area of Research During the Summer**  
Mechanical Engineering-ROV Technology

**Research Done While in Ecotek Lab Program**  
Battery Technology, ROV Technology

**Chandler Harris**

**College**

Michigan Tech University

**Planned Area of Research During the Summer**

Mechanical Engineering-ROV Technology

**Research Done While in Ecotek Lab Program**

Biofuels, Biopolymers, Wind Energy, Thermal Energy Systems
